For the first time in franchise history, Customization will take a step back in favour of focusing on more tactical play. Four new attributes, including Charisma, Speed, Technique, and Stamina, will shape the player's performance on the pitch. The new game modes in Ultimate Team and Showcase also unlock at a faster rate, while new offline and online mini-games are also added. And EA Sports FIFA 's unprecedented depth is reinforced by the introduction of new game play mechanics. In addition to new ball physics and an overhauled ball control system, laser-guided dink and aerial duels, as well as the new 'zen mode', have been introduced. Yes, Ahnold is a genius, and he is the most powerful man on this planet. Click to expand... Man, that was powerful....sadly, Im not sure that could be said about Obama. Im sure Ahnold would be more than happy to know this, even if to his face, but seeing as Obama's super-secret government does not communicate with ordinary citizens and making public statements are not allowed, well...Im guessing this is more or less a lost cause. Because if he doesn't have a good reputation in the annals of history, well, he would be a total failure as the president of the United States of America. (My original statement was in response to the "there's only one superpower left" remark. Yes, the singular superpower is the US, but you don't have to make it such a negative thing by making it sound like it's only one.) Err...Seriously, he's the most powerful, and the most relevant, intelligence person in the world...he is a very significant part of the modern world, and a huge driving force to the advancement of science and technology, and as long as that is the case, he is very relevant. M. "Only one superpower" is great, it means there is no point trying to have friends with them, they are not a government we can talk to. (My original statement was in response to the "there's only one superpower left" remark. Yes, the singular superpower is the US, but you don't have to make it such a negative thing by making it sound like it's only one.) Game Genre: Association Football Platform: PlayStation 2, PlayStation 3, Xbox, Xbox 360, PC Developer: Electronic Arts Inc. EA SPORTS FIFA is a series of association football video games developed and published by Electronic Arts. The series' name references the game's main sports video game license – FIFA (Fédération Internationale de Football Association), a football governing body which publishes the official rules, regulations, and laws of association football – and the series' official abbreviation, EAS – Electronic Arts Sports. FIFA is the fastest-growing and most downloaded sports game franchise in the world. FIFA is the fastest-growing and most downloaded sports game franchise in the world. FIFA 18 In development for several years, EA SPORTS FIFA 18 was released on August 26, 2017 for the PlayStation 4 and Xbox One, and was released to commercial stores and digital platforms on September 15, 2017 for Microsoft Windows and OS X, and on September 30, 2017 for iOS and Android. As the first game in the series released on a new console generation, FIFA 18 is built for new hardware, providing players with immersive physical and psychological awareness of the game through the "HERS" (Human Environment Response System) engine, providing a "more human" experience. The game received positive reviews from critics, who praised it for its real-life gameplay, improved graphics, and refined gameplay mechanics, despite the lack of official licenses. A Madden NFL 18-inspired feature called Ultimate Team was added to the game, which is inspired by the Ultimate Team mode in NBA 2K18. FIFA 17 FIFA 17 was released on September 15, 2016 for Microsoft Windows, OS X, PlayStation 4, Xbox One, iOS, and Android, and was released on November 19, 2016 for PlayStation 3 and Xbox 360. As the last game in the series released on the PlayStation 3, FIFA 17 is also the last game of the series that is still played on PlayStation 3 hardware. Designed as an update to FIFA 16, the game features the "HERS" (Human Environment Response System) engine, providing a "more human" experience through unprecedented facial and physiological expressions of players based on the player's velocity and acceleration, and new animations of players through the new dribbling mechanic. FIFA 17 is the first FIFA title to feature a Brazilian national team. So that it is rendered. What I've done so far: cam = Camera.main.transform; Ray ray = new Ray (Vector3.forward, (Vector3)transform.position); RaycastHit hitInfo; if (Physics.Raycast (ray, out hitInfo)) { Vector3 objectPos = hitInfo.point; if (objectPos.y > 0) Debug.Log (objectPos.y); } This gives me an error that hitInfo is null. I don't know if this is because of y is greater than 0,
